QUICKMAP COURSE AGENDA

<u>Topic</u>	<u>Time</u>
DAY 1	
Preliminaries	8:00 a.m.
a. introductions	
b. course objectives	
c. evaluation form	
I. About QuickMAP	8:30 a.m.
a. desktop mapping and decision support	
b. graphical user interface	
c. software design and features	
d. Exercise - Navigating through QuickMAP with HELP	
e. QuickMAP applications (Poster) and products (Slideshow)	
<Break>	10:00 a.m.
II. Map Concepts	10:15 a.m.
a. map definitions and characteristics	
e. Exercise - Mapsheet calculations	
III. Project Requirements	11:00 a.m.
a. data needs, acquisition, and assessment	
b. theme development and database design	
c. software limits and data exchange considerations	
<Lunch>	12:00 noon
d. Exercise - Data assessment and theme development	1:00 p.m.
IV. Computerizing Maps	1:45 p.m.
a. types of maps and their digital representation	
b. coordinate system, arc record and topology tables	
c. QuickMAP naming conventions, and List features	
d. data organization in QuickMAP and DOS	
<Break>	2:45 p.m.
e. Exercise - Map preparation for digitizing	3:00 p.m.
V. Using QuickMAP - Draw	4:00 p.m.
a. introduction to draw	
b. Exercise - Editing an arc	
<Adjourn>	5:00 p.m.

<u>Topic</u>	<u>Time</u>
DAY 2	
Using QuickMAP - Draw (continued) c. Exercise - Tablet registration and digitizing arcs	8:00 a.m.
<Break>	10:00 a.m.
d. Exercise - Advanced digitizing e. Review - data structures and organization	10:15 a.m.
<Lunch>	12:00 noon
VI. Using QuickMAP - Assembly a. introduction to assembly b. Exercise - Map assembly of geographic features c. Exercise - Advanced assembly d. Review - data structures and organization	1:00 p.m.
<Break>	3:00 p.m.
VII. Using QuickMAP - Display a. introduction to display b. Exercise - Composing maps and making calculations	3:15 p.m.
<Adjourn>	5:00 p.m.
DAY 3	
VIII. Using QuickMAP - Review a. review of sections 1-7 b. Exercise - Review	8:00 a.m.
<Break>	9:45 a.m.
IX. Using QuickMAP - Access to other applications a. shell to DOS, GEM, and OUTPUT b. Exercise - Output and metafiles c. Demonstration - Artline and WordPerfect	10:00 a.m.
<Lunch>	12:00 noon

Topic

Time

DAY 3 (continued)

- X. Using QuickMAP - Utilities and maintenance 1:00 p.m.
- a. shell for utilities
 - b. more on data structures and file formats
 - c. **Exercise** - Examining files and maintenance

- XI. Using QuickMAP - Data transformation and geographic controls 1:45 p.m.
- a. Projections used in QuickMAP
 - b. Control points and latitude/longitude grids
 - c. **Exercise** - Importing data and comparing projections

<Break>

3:00 p.m.

- XII. Using QuickMAP - Mapfile registration 3:15 p.m.
- a. Handling other projections and arbitrary coordinates
 - b. **Exercise** - Establishing a geo-referenced mapfile

- XIII. Using QuickMAP - DLG information 3:45 p.m.
- a. Maintaining attributes through major and minor codes
 - b. Handling complex maps and building a project mapfile
 - c. **Exercise** - DLG import of New Mexico county data

<Adjourn>

5:00 p.m.

DAY 4

Utilities Wrap-up

- a. DLG **Exercise**, continued
- b. Review of sections 9-13

8:00 a.m.

- XIV. Operational Use and additional considerations 9:45 a.m.
- a. standard operating procedures
 - b. record keeping
 - c. maintenance utilities
 - d. software support

<Break>

10:15 a.m.

Topic**DAY 4 (continued)****Time**

XV. Advanced topics

10:30 a.m.

- a. global positioning systems
- b. integration with database management software
- c. Demonstration - Some dBASE applications
- d. distributed use with a geographic information system
- e. Demonstration - Data exchange with ARC/INFO

<Adjourn>**12:00 noon**

Assistance with Field Applications

1:00-3:00 p.m.

COURSE OBJECTIVES

Introduce students to concepts, terminology, and procedures of computer mapping.

Instruct you to use QuickMAP menus, commands, and features.

Develop skills during 'hands on' exercises.

Build confidence to use QuickMAP on your special projects back home.

Evaluation Form

This evaluation form is intended to provide information related to the QuickMAP Software course. Please fill out the form before leaving. Your participation will help to improve the effectiveness and quality of subsequent courses.

User Background

1. What organization are you affiliated with? _____
What is your current job title? _____
2. How many years have you worked in the field of natural resources? _____
3. What was your last degree received? B.S. or M.S. or Ph.D.
Major _____ Date of graduation _____
4. How many training courses do you attend per year on average? _____
5. Please classify your familiarity with computers:
____beginner
____intermediate
____expert
6. Please classify your familiarity with computerized mapping software packages (other than QuickMAP) prior to attending this course:
____have never used any mapping software before
____have used mapping software a little (less than 3 times)
____have used mapping software extensively (3 or more times)
7. Please classify your familiarity with the QuickMAP software prior to attending this course:
____have never used QuickMAP software before
____have used QuickMAP software a little (less than 3 times)
____have used QuickMAP software extensively (3 or more times)

Course Objectives

At the end of this course:

1. Is your understanding of the basic concepts of computerized mapping:
____ Excellent ____ Adequate ____ Poor

2. Do you understand the similarities and differences between QuickMAP and other mapping systems (in general):
☐ Yes ☐ No
3. Do you feel you would be able to exchange data between QuickMAP and other software packages?
☐ Yes ☐ No ☐ Not sure
4. Are you comfortable with the use of basic QuickMAP menus and commands?
☐ Yes ☐ No
5. How well do you feel you could use the functions and capabilities of QuickMAP on your own?
☐ Very Well ☐ Adequate ☐ Poorly

Course Instruction

Please mark your evaluation on a scale of

5 = Excellent, 4 = Good, 3 = Average, 2 = Poor, 1 = Bad

		5	4	3	2	1
1.	Instructors' knowledge of subject matter	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>
2.	Quality/effectiveness of presentations	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>
3.	Opportunity for questions and discussion	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>
4.	Instructors' attitudes toward subject	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>
5.	Instructors' attitudes toward participants	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>

Overall

1. Was the course organization:
☐ Excellent ☐ Adequate ☐ Poor
2. Was the course:
☐ Too long ☐ Too short ☐ About right length
3. Were the course materials (e.g., overheads, exercises):
☐ Excellent ☐ Adequate ☐ Poor
4. Overall quality of the course was:
☐ Excellent ☐ Adequate ☐ Poor

5. Would you recommend this course to others?

_____ Yes _____ No

If no, why not? _____

6. What additional topics or exercises should be included in this course?

Additional comments _____

Thank you very much for completing this evaluation form. Your comments are greatly appreciated.
